

HEADING TO B-SCHOOL? **CONNECT WITH BAIN** THIS SUMMER.

Heading to business school soon and want to get a head start on your career planning? Connect with one of Bain's global offices this summer and discover what it's like to work for one of the world's best companies.

Many of us at Bain have also attended b-school and understand what an incredible experience it can be. Everyone says that the sky's the limit for MBA grads, but it can also be a little daunting at first, especially when the pressure for internships and career choices collide with the requirements of schoolwork, hobbies and travel.

Connect with Bain is a unique opportunity for you to connect with any of our 53 offices around the world this summer, before you even step on campus. Some of our offices will be hosting an open house event for you to meet with our consulting teams, take an office tour, network with your peers and experience what it's like to work in strategy consulting.
