The use of the bar code, or Universal Product Code, which was created in part to enable supermarkets to process customers at a faster rate, has expanded beyond supermarkets to other retail outlets and have become readily accepted despite some initial opposition when it was first introduced in 1974.

- A) have become readily accepted despite some initial opposition when it was first introduced in 1974
- B) has become readily accepted despite some initial opposition when they were first introduced in 1974
- C) have become readily accepted despite some initial opposition when first introduced in 1974
- D) has become readily accepted despite some initial opposition when the bar code was first introduced in 1974
- E) bar codes have become readily accepted despite initial opposition when it was first introduced in 1974

**PAGE 692, Q 724**

At the end of 2001, motion picture industry representatives said that there were about a million copies of Hollywood movies available online and expected piracy to increase with high-speed Internet connections that become more widely available.

- A) online and expected piracy to increase with high-speed Internet connections that become more widely available
- B) online and expect the increase of piracy with the wider availability of high-speed Internet connections
- C) online, and they expect more piracy to increase with the wider availability of high-speed Internet connections
- D) online, and that they expected the increase of piracy as high-speed Internet connections would become more widely available
- E) online, and that they expected piracy to increase as high-speed Internet connections became more widely available

**PAGE 693, Q 725**

Making things even more difficult has been general market inactivity lately, if not paralysis, which has provided little in the way of pricing guidance.

- A) has been general market inactivity lately, if not paralysis, which has provided
- B) there is general market inactivity, if not paralysis, lately it has provided
- C) general market inactivity, if not paralysis, has lately provided
- D) lately, general market inactivity, if not paralysis, has provided
- E) is that lately general market inactivity, if not paralysis, which provides

**PAGE 696, Q 738**

Foraging at all times of the day and night, but interspersing their feeding with periods of rest that last between one and eight hours, a sperm whale could eat so much as a ton of squid a day.

- A) between one and eight hours, a sperm whale could eat so
- B) between one and eight hours, sperm whales can eat as
- C) between one and eight hours, sperm whales could eat as
- D) from one to eight hours, sperm whales could eat so
- E) from one to eight hours, a sperm whale can eat so

**PAGE 696, Q 739**

In some types of pine tree, a thick layer of needles, protects the buds from which new growth proceeds; consequently they are able to withstand forest fires relatively well.

- A) a thick layer of needles, protects the buds from which new growth proceeds; consequently they are able to withstand forest fires relatively well
- B) a thick needle layer protects buds from where new growth proceeds, so that they can withstand forest fires relatively well
- C) a thick layer of needles protect the buds from which new growth proceeds; thus, they are able to withstand relatively well any forest fires
- D) since the buds from which new growth proceeds are protected by a thick layer needle layer, consequently they can therefore withstand forest fires relatively well
- E) because the buds where new growth happens are protected by a thick layer of needles, they are able to withstand forest fires relatively easily as a result

**PAGE 696, Q 740**

The tourism commission has conducted surveys of hotels in the most popular resorts, with the ultimate goal of reducing the guests who end up expressing overall dissatisfaction with the service in the hotels.

- A) with the ultimate goal of reducing the guests who end up expressing overall dissatisfaction with the service in the hotels
- B) with the goal to ultimately reduce the number of guests who end up expressing overall dissatisfaction with the hotels' service
- C) ultimately with the goal to reduce expressions of overall dissatisfaction by the guests with the hotel service
- D) in an ultimate attempt to reduce the number of guests that ends up expressing overall dissatisfaction with the hotels' service
- E) with the ultimate goal of reducing the number of guests who express overall dissatisfaction with the hotels' service

**PAGE 698, Q 747**

In California, a lack of genetic variation in the Argentine and has allowed the species to spread widely; due to their being so genetically similar to one another, the ants consider all their fellows to be a close relative and thus do not engage in the kind of fierce intercolony struggles that limits the spread of this species in its native Argentina.

- A) due to their being so genetically similar to one another, the ants consider all their fellows to be a close relative and thus do not engage in the kind of fierce intercolony struggles that limits
- B) due to its being so genetically similar, the ant consider all its fellows to be close relative and thus does not engage in the kind of fierce intercolony struggles that limit
- C) because it is so genetically similar, the ant considers all its felloes to be close relatives and thus does not engage in the kind of fierce intercolony struggles that limits
- D) because they are so genetically similar to one another, the ants consider all their fellows to be close relatives and thus do not engage in the kind of fierce intercolony struggles that limit
- E) because of being so genetically similar to one another, the ants consider all their fellows to be a close relative and this do not engage in the kind of fierce intercolony struggles that limits

**PAGE 701, Q 762**

The eyes of the elephant seal adapt to darkness more quickly than any other animal yet tested, thus allowing it to hunt efficiently under the gloomy conditions at its feeding depths of between 300 and 700 meters.

- A) The eyes of the elephant seal adapt to darkness more quickly than any other animal yet tested, thus allowing it
- B) The eyes of the elephant seal adapt to darkness more quickly than any other animal yet tested, allowing them
- C) The eyes of the elephant seal adapt to darkness more quickly than do those of any other animal yet tested, allowing it
- D) Because they adapt to darkness more quickly than any other animal yet tested, the eyes of the elephant seal allow it
- E) Because the eyes of the elephant seal adapt to darkness more quickly than do those of any other animal yet tested, it allows them

**PAGE 703, Q 771**

The absence from business and financial records of the nineteenth century of statistics about women leave us with no record of the jobs that were performed by women and how they survived economically.

- A) from business and financial records of the nineteenth century of statistics about women leave us with no record of the jobs that were performed by women and
- B) from business and financial records of statistics about women from the nineteenth century leave us with no records of what jobs women performed or
- C) of statistics for women from business and financial records in the nineteenth century leaves us with no record of either the jobs that women were performing and of
- D) of statistics on women from business and financial records of the nineteenth century leave us with no record of the jobs that women performed or of
- E) of statistics about women from business and financial records of the nineteenth century leaves us with no record of either what jobs women performed or

**PAGE 709, Q 799**

As criminal activity on the Internet becomes more and more sophisticated, not only are thieves able to divert cash from company bank accounts, they can also pilfer valuable information such as business development strategies, new product specifications, and contract bidding plans, and sell the data to competitors.

- A) they can also pilfer valuable information such as business development strategies, new product specifications, and contract bidding plans, and sell
- B) they can also pilfer valuable information that includes business development strategies, new product specifications, and contract bidding plans, and selling
- C) also pilfering valuable information including business development strategies, new product specifications, and contract bidding plans, selling
- D) but also pilfer valuable information such as business development strategies, new product specifications, and contract bidding plans to sell
- E) but also pilfering valuable information such as business development strategies, new product specifications, and contract bidding and selling

**PAGE 710, Q 803**

In the major cities of industrialized countries at the end of the nineteenth century, important public places such as theaters, restaurants, shops, and banks had installed electric lighting, but electricity was in less than 1 percent of homes, where lighting was still provided mainly by candles or gas.

- A) electricity was in less than 1 percent of homes, where lighting was still
- B) electricity was in less than 1 percent homes and lighting still
- C) there had been less than 1 percent of homes with electricity where lighting was still being
- D) there was less than 1 percent of homes that had electricity, having lighting was still
- E) less than 1 percent of homes had electricity, where lighting had still been
