SUMMARY

- Your Quantitative score of 48 is higher than 67% of GMAT Exam scores recorded in the past three years. The mean score for this section is 40.2.
- Your performance on Problem Solving questions was equivalent to a score of 47. Your score is better than 60% of all sub-section scores recorded in the past three years. The mean for all test takers is 40.2.
- Your performance on Data Sufficiency questions was equivalent to a score of 48. Your score is better than 63% of all sub-section scores recorded in the past three years. The mean for all test takers is 40.17.
- Your performance on Arithmetic questions was equivalent to a score of 47. Your score is better than 58% of all sub-section scores recorded in the past three years. The mean for all test takers is 40.33.
- Your performance on Algebra/Geometry questions was equivalent to a score of 49. Your score is better than 72% of all sub-section scores recorded in the past three years. The mean for all test takers is 40.1.
- Your performance of 75% on Geometry questions is considered Above Average.
- Your performance of 50% on Rates/Ratio/Percent questions is considered Weak.
- Your performance of 63% on Value/Order/Factors questions is considered Above Average.
- Your performance of 100% on Equal./Inequal./Alg. questions is considered Very Strong.
- Your performance of 40% on Counting/Sets/Series questions is considered Weak.
- You completed 31 questions in the Quantitative section.
- You responded correctly to 71% of the first set of questions, 57% of the second set of questions, 100% of the third set of questions and 14% of the final set of questions..
- The average difficulty of questions presented to you in the first set of questions was Medium High, the average for the second set of questions was Medium High, the average for the third set of questions was Medium High and was Medium High for the final set of questions.
- The average time it took you to respond to the first set of questions presented was 2:43, the average time for the second set of questions was 2:03, the average time for the third set of questions was 2:09 and 0:40 for the final set of questions.
- Please Note: If you sat for the GMAT exam prior to April 16, 2018 this section contained 37 questions, on or after April 16, 2018 the section consists of 31 questions.

Analytical Writing Assessment

BETA

This report is created before your Analytical Writing Essay is scored and will appear within 24 hours of the exam scores being made official. If the score has been cancelled for any reason, the information will not appear in the Enhanced Score Report.

MEAN SCORE

MEAN SCORE:

4.49

(17th percentile)

Definition

The three year mean AWA score is 4.5. Your score is better than 17% of Exam scores received over the past three years.

Note: GMAT scores are reported for five years. Even if your score won't appear, your percentile rank may change when compared to a newer pool of a larger number of test takers. Shifts tend to be small over long periods.
