ABOUT ME

Business Administration graduate with a strong interest in Corporate Finance, Economics and Investment Analysis. Experienced in financial evaluation, debt restructuring and business planning, with demonstrated ability to apply quantitative and analytical skills to real-world financial challenges. International academic experience in Spain and additional training based on the CFA Level I curriculum have strengthened my interest in financial markets, investment analysis and corporate decision-making.

ACADEMIC & FINANCE PROJECTS

Investment Simulation Project

Managed a simulated investment portfolio applying asset allocation, security selection, diversification and risk-return analysis.

Evaluated investment opportunities using quantitative and fundamental analysis techniques.

Peer Tutoring in Finance

Provided voluntary academic support to classmates in Finance IV; helped one student raise his exam score from 9 to 16 out of 20, demonstrating mastery of the subject and commitment to others' success.

Event Automation Project

Developing a software solution to automate event management processes, including scheduling, participant registration and operational coordination.

Applying process optimization and digital transformation principles to improve efficiency.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Model United Nations (MUN)

- Participated in debates on economic and social policy issues.
- Developed public speaking, negotiation and analytical argumentation skills.
- Supported event organization and logistics as a staff member.

Competitive Athletics

Represented Lima in national-level athletics competitions and won multiple regional championships in hurdles, long jump and relay events, demonstrating discipline, resilience and commitment to high performance.
